

Web-Based FLV/MP4 Linked Videos (FrameMaker>PDF Example)

PDF file size is minimally affected, as media items are not embedded. When the video is played and you click inside the floating window, the following keyboard shortcuts are available:

p = play/pause; **s** = stop & rewind; left arrow = 5 sec back; right arrow = 5 sec forward.

Alone in New York [\[video\]](#) 2:18
